2. Preparing Your Workspace

A well-organized workspace enhances your painting experience.

- Ensure good lighting, preferably natural or daylight-balanced artificial light.
- Lay out your materials within easy reach.
- Secure your paper to a drawing board or flat surface to prevent movement.

3. Laying Down the Underpainting

Start with a light, broad application of color to establish the overall tone and composition.

- Use soft pastel sticks or blocks to block in large areas.
- Apply light strokes to build up the foundation, focusing on major color zones.
- Keep the initial layers simple, avoiding detailed work at this stage.
